Butler Pike Road Closure
(Between Flourtown/Plymouth Roads and Germantown Pike)
Update 08/25/2020

This project is on schedule, and Montgomery County Roads and Bridges Division continues to push to reopen Butler Pike in December 2020.

In addition to the sinkhole remediation, underground utilities have completed engineering designs for the renovation work they need to complete and are poised to begin construction. The following utilities will begin work soon:

- Whitemarsh Township is ahead of schedule to remove and replace the sewer line beginning August 31, 2020.
- Once Whitemarsh completes their work, Texas Eastern will begin their excavation and pipeline(s) replacement work.

The procedures necessary to maintain the safety of those utilities while excavation and construction are underway are extensive.

We will continue to provide status updates to Whitemarsh and Plymouth townships and residents as we work to reopen the road and make the permanent repairs.
