The Montgomery County Commerce Department is:

- Responsible for coordinating and supporting the economic and workforce development activities of its constituent entities.
- Interfacing with businesses, local economic development organizations, Chambers of Commerce, and stakeholders to continually provide guidance, information, and technical assistance on issues impacting the growth & success of businesses in the county.
- Promoting Montgomery County as the place to live, work, learn, and invest through the MontcoForward initiative.
- Utilizing technology to support site selectors, consultants, and businesses looking to learn about Montgomery County and find places for expansion or relocation.
- Collaborating with other county departments, municipalities, and partners on projects that impact the broader scope of economic development, workforce development, and the future prosperity of all of Montgomery County’s residents, businesses, and communities.
